### Firm and crystal clear ice hats

icy hats without dirt

- health safety and aesthetic impression

### A3S: System with flexible nozzles with minor vibrations

prevents limescale from settling.

 longer life of the device without the need to remove scale

#### **SFVS front ventilation**

allows the units of the unit to the interior

- variability of the location of the device

### **Cleaning switch**

disconnects the cooling system when circulating water with a limescale removal product

- saving human work and time

### Motor pump "NEVER STOP" (construction without seal)

prevents depreciation in hard water

 longer life of the device without the need to remove scale = economic and time savings

## EASI: Installation and service system - all panels can be removed separately

easy access for installation and service.

- saving time, human work, costs

#### Printed circuit board at the bottom

easy service

- saving time and human work

#### Tropical version of the machine (class t)

adaptation to extreme climatic conditions.

- use in extreme climatic conditions
