1

**Intuitive 10" HD Android touch display, easy to select 30+ beverages by pages**

easy operation

2

**3 friendly UI modes: Standard/Self-service/ Professional for different scenerios**

variability of use

3

**Separate hot water outlet for pure tea, steam wand can be optional**

use also for options other than coffee preparation

4

**Accurate grinding system and nice extraction brewing system**

professional products for the most demanding consumers

5

**Automatic milk system cleaning functions for maximum hygiene**

beverages without defects, impurities - meet hygiene standards

6

**4L water tank and main water connection available**

variable water source for beverage preparation

7

**Well-structured statics of beverages consumed and maintenance record**

automatic operator's own overview of the device

8

**Optional MDB port for payment device connection**

possibility of use also for partially self-service operations

9

**Optional WIFI/4G module to connect IOT platform to monitor the machine real time status**

absolute overview of the device remotely
