Product benefits

Blast chiller/freezer 10x GN 1/1 digital control panel PET 230 V

Model	SAP Code	00010008
-------	----------	----------

1

Very fast cooling and freezing

times faster cooling and freezing compared to a classic refrigerator/freezer

- easy compliance with hygiene standards
- better food quality
- more efficient work in the kitchen
- limiting the multiplication of bacteria to a minimum, extending the life of food and expiration dates

2

Controlled defrosting

safety and hygiene

- thanks to the controlled defrosting, the risk of bacterial multiplication is minimized

3

Probe in standard equipment

accurate and safe cooling/freezing/defrosting thanks to core temperature measurement

- thanks to the probe, the operator has a detailed overview of the temperature of the food

4

Digital control

clarity and simplicity of operation

- the device can be operated even by a less capable and trained operator

5

Autorepair surface

easy to maintain

- hygienic cleanliness can be better maintained thanks to the easy-to-maintain surface
